Dear Valued Customer,

We regret to inform you that we are discontinuing the manufacture and distribution of our Skin Degreaser, part number H1112B and “Adhesive Tape Remover”, part number H1103B products on 12/17/18. Unfortunately, there is a required component that has become unavailable.

Miller-Stephenson will not be accepting future orders and may be unable to fulfill existing orders. We will reach out to you directly in the next several days to answer any questions you may have, and/or to provide the status of any pending orders.

We are in the process of developing a new “non-flammable” skin degreaser product. We will contact you and provide free samples when available.

We appreciate your loyalty to Miller-Stephenson products and thank you in advance for your support during this change process.

Please contact us at: 203-743-4447, if you have any questions.
