TriboSys™ 2200 Food Grade Silicone Aerosol

TriboSys™ 2200 is a multi-purpose, NSF Registered spray lubricant for all industries. It can be safely used on machinery used for producing, manufacturing, packing, processing, preparing, treating, packaging, transporting, or holding food. It may be used on food-processing equipment as a protective anti-rust film and prevent corrosion buildup problems. It works well as a release agent on gaskets and seals for tank closures and as a dry lubricant for machine parts and equipment where there is incidental contact with food. It prevents sticking and retards tarnish. It stops squeaks and also waterproofs, while prolonging the life of rubber components and other material.

ADVANTAGES

Lubricates
Resists Rust and Corrosion
Waterproofs

TYPICAL APPLICATIONS

Hinges, Latches, Chains, Rollers, Casters, Wheels, Delivery Chutes, Table Tops, Packaging Slides, Belts, Doors, Locks, Rubber Moldings, Drawers, and many other miscellaneous parts and equipment.
