

# Streamlined Sales Tax Certificate of Exemption

This is a multi-state form for use in the states listed. Not all states allow all exemptions listed on this form.

The purchaser is responsible for knowing if they qualify to claim exemption from tax in the state(s) to which the sale is sourced. The purchaser should enter their identification (ID) number and reason for exemption in Section 5, if required (see instructions page 2) for each state in which they are claiming exemption. The purchaser is liable for any tax and interest, and possible civil and criminal penalties imposed by the state, if the purchaser is not eligible to claim this exemption.

The seller may be required to provide this exemption certificate (or the data elements required on the form) to a state that would otherwise be due tax on this sale. A seller may not accept a certificate of exemption for an entity-based exemption on a sale made at a location operated by the seller within the designated state if the state does not allow such an entity-based exemption.
